Ms. Adams;

Thank you for the timely response, attached motion, and associated links. Fascinating and riveting stuff. God bless technology and full disclosure. The world is a better place when the sun shines on us all. 😎

As the father of a son finishing up his last year at Carolina, and who won SC Clean Energy Project of the Year his senior year at Spring Hill High School, he often peppers me with questions about how the sun can be regulated and its use restricted, for which I don't have the answers. So we turn to one of the lyrics of a favorite song of his, and I quote, "...even on a cloudy day, I'll keep my eyes fixed on the sun...". Ha. Indeed.

Good to see legal counsel copied. Please keep an eagle eye on this matter.

Have a nice day.

Sincerely,

Joseph

Mr.

Good afternoon. The Public Service Commission is in receipt of your email inquiring into the recusal of Commissioner Ervin in Docket No. 2020-229-E (Dominion Energy South Carolina, Inc.'s Establishment of a Solar Choice Metering Tariff).
